Description

The Buchanan media console is made of teak wood, featuring high quality handmade craftsmanship. Architecturally clean and simple lines and defined drawers make this piece timeless by design. Plenty of interior storage and adjustable shelving makes it highly versatile in use.

Teak: We use reclaimed teak as material for making our sideboards/media consoles, in addition to superior quality wood, using these materials are very useful in the problem of global climate changes. As well as being environmentally friendly. All the Teak wood is individual to the piece and no two pieces are alike.
