## Bellmont | Bertoia Wire Dining Chair - Color

\$517.00

### Description

Like the original mid-century designs, our Belmont wire chair collection pieces are crafted with a contour mesh frame of sturdy welded steel. This replica side or dining chair features a durable black, yellow, or red powder coat finish that is scratch, stain, and chip resistant and has four plastic guides on the feet to prevent flooring surface damage. The padded seat cushion provides additional comfort and is available in a variety of leather or fabric color options. This modern classic works well in a variety of home or office applications, as both an accent piece or casual seating solution. If you have a specific requirement for a project, we're happy to help. Please contact one of our professionals to discuss your requirements.
