Attainable Luxury

Modern design lovers know the true value and high cost of owning an authentic original from one of the great designers of the period. We understand not everyone has ample means by which to attain such a piece. With that in mind, we offer our masterful replica of Saarinen's Womb Chair and Ottoman made with high quality materials and careful craftsmanship at a modest price point. Among other such replicas, the materials and expertise used to create our products are top quality. This allows you to own and enjoy a classic modern icon without foregoing quality.

Decorous Details

Based on one of the most lauded lounge chairs of the modern design period, our version boasts all the decorous detailing of the original. From the elegantly-rendered chair form to the outwardly lilted arms and cradle-like frame, each detail is exacting and meticulous. The upholstery is carefully handstitched over plump cushioning. While the chair's slender steel frame comes stainless, black and custom powder-coated finishes.

Custom Upholstery Selection

With our carefully-curated selections for the chair and ottoman's upholstery, you'll find the perfect textile and color to compliment your space. The fine upholstery comes in the most popular and classic hues. Choose from cashmere wool, wool blend, wool/hemp blend, genuine Italian leather, Aniline leather and waxy Aniline leather. Or provide your own COM fabric or leather for a truly customized look.
