Angelica | Jacobsen Ant Chair

\$349.00

Description

Our Angelica chair is a quality reproduction of the modern classic, ant chair. Its one piece back and seat shell is molded from laminated plywood that sits on chrome steel legs, finished in non-marking feet. It is available in four wood veneers as well as a variety of color paint selections on birch veneer. True to the original, this versatile chair works equally well for everyday dining use or as a casual seating choice in commercial space meeting rooms.
