Unadilla | Stella Queen Bed

\$1,888.00

Description

Unadilla is a glamorous designer platform bed that takes it up a notch with all-over faux crystal button tufting. Dozens of crystal lookalike buttons adorn every nook and cranny and truly glimmer with even the slightest bit of light. A white faux leather queen upholstered headboard, side rails, and footboard are finished with two chrome-plated metal legs at the foot of the bed. This modern bed is built with a wooden frame, which is padded with foam before being upholstered. Seeing that this is a platform bed, only a mattress is required: wooden slats (included) serve as a box spring. This bed, which requires assembly, is also available in king in both white and black and has a matching Unadilla floor mirror and end of bed bench (sold separately). To clean, wipe with a damp cloth.
