

Verona | Panton Heart Chair

\$1,384.00

Description

This is our reproduction of the Verner Panton Heart Cone Chair. A variant of the cone chair, it was designed one year later and given this name because of its heart-shaped outline. The Heart Cone Chair has large, projecting wings that could be interpreted as a contemporary take on the classic wing chair. It combines the elegance of the Fifties with the quirky style of the Sixties. In spite of its extravagant appearance the Heart Cone Chair is practical and surprisingly comfortable, ideal for everyday use in lobbies, restaurants and bars, as well as in the home.
