Westford Loveseat

\$1,763.00

Description

The Westford loveseat is our replica of the classic design, Plank GE 290 lounge chair and sofa range from 1953. It features a solid hardwood frame with wide arms and legs, and thickly padded back and seat cushions upholstered in a variety of fabrics. Featuring clean lines with a comfortable form, this compact two-seater works well in the modern home's living room on its own, or, paired with the matching armchair or three-seater sofa.
