Westport | Wegner Wing Chair And Ottoman

\$1,888.00

Description

Westport | Wegner Wing Chair And Ottoman

Unmistakably the handiwork of modern furniture designer Hans J. Wegner, the CH445 Wing Chair and Ottoman reflects all his touches from superb ergonomics to harmonious lines. The wing chair is made for sitting, not just for looking, and it greets its guests with exceptionally generous comfort. "You don't sit on the wing chair", says Knud Erik Hansen, "you sit in it". Our replica chair is just as inviting and true to the original's inviting form.

Features & Benefits

- Decorative details, fine finishes and luxe materials bring upscale style and beauty to

any room.

- Wide selection of powder-coated frame finishes and upholstery allows for customization to fit your space.
- Expansive winged back and exceptionally deep seat provide optimal space to curl up.
- Ergonomic design for superb seated comfort.
- Heavy steel rod construction makes for durable long-lasting seating ideal for residential and commercial spaces.

Masterful Incarnation

Inspired by Wegner's original creation, we replicated the expert craftsmanship and authenticity with our own Dauria Wing Chair and Ottoman. This captivating lounge set features the same elegant precision rendered in expertly-welded steel and finely stitched upholstery. A truly comforting design with expansive wing back design and exceptionally deep wide seat.

Creature Comforts

The groove of the chair's back recesses the upholstery at shoulder level and at just the right angle. Sitting upright is more than easy. But should you decide to curl up your legs or lay them over the armrest, you discover that the angle of the corners of the back provides just the right head support. Being able to change positions in a chair has always been a foundation of Wegner's ergonomics designing a chair that combines form and function so beautifully is Wegner's genius.

Tailored Details

Based on one of the most lauded lounge chairs of the modern design period, our version boasts all the tailored detailing of the original. From the elegantly-rendered chair form to the upward reaching wings and cradle-like seat, each detail is exacting and meticulous. Its most characteristic visual features are the chair back's distinctive corner angle, shoulder groove and the upholstered armrests. The upholstery is carefully handstitched over plump cushioning. While the chair's slender steel frame comes stainless, black and custom powder-coated finishes.

Custom Upholstery Selection

With our carefully-curated selections for the chair and ottoman's upholstery, you'll find the perfect textile and color to compliment your space. The fine upholstery comes in the most popular and classic hues. Choose from cashmere wool, wool blend or wool/hemp blend. Or provide your own COM fabric or leather for a truly customized look.

Attainable Luxury

Modern design lovers know the true value and high cost of owning an authentic original from one of the great designers of the period. We understand not everyone has ample means by which to attain such a piece. With that in mind, we offer our masterful replica of Wegner's CH445 Wing Chair and Ottoman made with high quality materials and careful craftsmanship at a modest price point. Among other such replicas, the materials and expertise used to create our products are top quality. This allows you to own and enjoy a classic modern icon without foregoing quality.

About the Designer

Danish designer Hans J. Wegner was considered one of the most prolific and creative furniture designers of the mid-century era. He was often touted as "master of the chair" having designed over 500 different chairs during his life. Wegner most notable designs include the CH445 Wing Chair and Wishbone Chair. He strived to bring the "soul" of each piece to its exterior where its simplicity and function are visible.

Special Care Instructions

To clean the metal elements, avoid use of harsh acidic or abrasive cleaning solutions. Use damp soapy sponge or cloth for general clean-up. For cleaning and maintenance of upholstery, please refer to the manufacturer's directions. Avoid getting cleaning solutions on upholstered elements.
