Le Corbusier petite sofa

\$1,763.00

NJmodern, LLC

Short Description

This item is a replica. It is a reproduction of an original design.

Description

Our wonderful interpretation of the **LC2 Petit Sofa designed by Le Corbusier (1928)** is luxurious comfort and design. Few would protest that Le Corbusier is one of the most influential architects and furniture designers of the 20th century. The Petit Sofa and Armchair range are the epitome of French modernist design. Originally created for the 1929 Salon d'

Automne, they were an integral part of a collection of interior equipment demonstrating a new luxury and style in tubular steel. The steel frame is chromed and the attention to detail projects the luxury intended. Crafted to the high standards of 304 Stainless Steel, Chrome finished frame, high-density foam for comfort and upholstered in wool.
