## Henrietta | Nelson Marshmallow Leather Loveseat

\$1,763.00

### Description

Originally designed in 1956, our Henrietta leather loveseat is a reproduction of the iconic marshmallow seating piece. It has 18 interchangeable cushions that attach to a satin chrome steel frame with flat black enamel legs on glides. The cushions can be cleaned or replaced individually for consistent wear or to match changing decor. Our authentic-quality reproduction is upholstered in a selection of top-grain Italian leather. This unique design makes a modern furniture accent and is appropriate for high-traffic areas in the home or office space.
