\$692.00

Description

The Jerusalem floor lamp is our reproduction of the 1947 Grasshopper design. It is constructed with a black steel tripod base and an elongated conical aluminum shade that rotates so you can direct the light where needed. A simple and versatile piece, it works in a variety of applications and is great looking by itself but also compliments our reproduction Serge Mouille fixtures. Requires 1x E26 60W bulb (not included).
