Bellmont | Bertoia Wire Dining Chair - White

\$556.00

Description

Like the original mid-century designs, our Belmont wire chair collection pieces are crafted with a contour mesh frame of sturdy welded steel. This replica side or dining chair features a durable white powder coat finish that is scratch, stain, and chip resistant and has four plastic guides on the feet to prevent flooring surface damage. A padded leatherette seat cushion provides additional comfort and is available in black or white. This modern classic works well in a variety of home or office applications, as both an accent piece or casual seating solution. If you have a specific requirement for a project, we're happy to help. Please contact one of our professionals to discuss your requirements.
