Otselic | Aarnio Bubble Chair

\$1,888.00

Description

Our Otselic bubble chair is a reproduction of a classic mid-century modern design. It is made from high density acrylic, outfitted with two foam cushions that are upholstered in leatherette or fabric, and is suitable for indoor or outdoor use. Suspended by a 6ft stainless steel chain on hooks, it makes quite the impression in any space. The unique round interior is an excellent way to listen to music as it encompasses the sitter in a way that shield them from surrounding noise, creating a dome-like effect. People enjoy the feeling of being suspended in air when sitting in this chair. This chair has been featured in numerous films and its iconic place in history is well-known.
