Geneva | Florence Leather Chair

\$1,259.00

Description

Our Geneva furniture collection is designed after the classic mid-century designer pieces. This leather Geneva chair features an exposed metal frame and legs of heavy gauge square, tubular steel in a polished chrome finish - the steel used is generally twice as thick as other reproductions. Constructed from a solid wood inner frame with a slightly pitched seat back angle, it is upholstered in our selection of quality leathers and features fully welted and button tuft detailing on the seat and back cushions. The variable density foam cushions are "Velcro-ed" into place for easy removal and cleaning, over a no-sag suspension seat base. If you have a specific requirement for a project, we're happy to help. Please contact one of our professionals to discuss your requirements.
