Amish Dining Wood Armchair

\$313.00

Description

Time flows effortlessly through the Amish wooden armchair. The craftsmanship is evident throughout a piece that appears both petite and boldly courageous. While Amish conveys a transitional feel with its solid beechwood back and base, the result is an enduring design with a style that doesn't fade. Given the iconic form and staggered-level wooden support rods, Amish deftly develops the interplay between permanence and sequential movements forward. The seat is made of paper rope, a new twine that is eco-friendly, soft, anti-static and durable. Set Includes: One - Amish Wood Dining Armchair
