

Cyclone Round Wood Top Dining Table \$754.00

Description

Occasionally its those disparate elements that make the most sense. Such is the case with the playfully engaging Cyclone Dining Table. While the circular fiberboard top is as you may expect from a mid-century design, the pedestal is anything to be expected. Built on inspiration, the arrangement of chrome-plated steel wires portray a sense of wonderment, while the coated cast-iron foot ring completes the ensemble. Set Includes: One - Cyclone Dining Table
