## Description

### Bellmont | Bertoa Wire Counter Chair – Set Of 2

Transformed industrial wire rods take on the form of modern seating through the genius of Italian-born designer Harry Bertoa. Bertoa said of his wire seating collection, "If you look at the chairs, they are mainly made of air. Space passes through them." Our replica counter stool provides no better example of his airy wire creations with its exacting replication of the original Bertoa Counter Stool.

#### Features & Benefits

- Generous 15.5" seat depth and scooped design at back and seat provides hours of seated comfort.
- Thick cushion in choice of leatherette color adds a layer of comfort and color to decor.
- Geometric design and airy form bring a minimalistic element to the kitchen, bar, office and outdoor spaces.
- Heavy wire construction makes for durable long-lasting seating ideal for residential and commercial spaces.
- Sold in set of 2 for cost effectiveness and convenience in purchasing.

#### Exacting Look

Inspired by Bertoa's design, we produced our reproduction barstool to reflect the timeless craftsmanship and authentic-quality found in his original creation. Our stool features the same airy feel and geometric appeal rendered in strong industrial wire.

#### Attainable Price Point

While the original barstool's price far exceeds many modern design enthusiast's budgets, our replica of the Bertoa Barstool has all the classic features and premium craftsmanship as the original at a much more manageable price point. Among other reproductions, the materials and expertise used to create our products are top quality. This allows enjoyment and ownership of a classic modern piece without sacrificing quality for attainability.

#### Heirloom Quality

Boasting an inviting persona and stately status, this best-selling barstool is sure to become an heirloom within your family. The stool's timeless design and quality craftsmanship will be loved and enjoyed for generations to come.

#### Accommodating Size & Shape

The stools body-hugging shape and generous scooped seat makes for the perfect perch at the kitchen island, pub table, or outdoor bar. The wide curved back and scooped seat with vinyl pad provides ample support for long seated periods whether enjoying a bottle of wine with friends or brunch with the family.

#### Color Options

Versatile vinyl cushion color options add a pop of interest to your decor. As well as providing

an additional layer of comfort to the stools, the vinyl cushions will jazz up any room in one of the vibrant hues. Choose from six cushion colors to suit your space: black, white, red, orange, green, grey and espresso. All pads come crafted from durable leatherette over thick cushioning. Shown here in silver, the barstool is also available in an elegant rose finish.

About the Designer

At a mere 37 years old furniture designer Harry Bertoia experienced his first major success in 1952 with the patenting of his revered Diamond Chair. With this hallmark design, he introduced the world to a new material ideal for the making of modern furniture-industrial wire mesh. In the moment Bertoia rendered his first chair in wire, he became a sculptor, creating not only functional furnishings but works of art coveted by modern design enthusiasts the world over. He would go on to enjoy numerous accolades and awards for his art and furniture designs throughout his lifetime.

Special Care Instructions

To clean barstool and vinyl pad, avoid use of harsh acidic or abrasive cleaning solutions. Use damp soapy sponge or cloth for general clean-up.
