Jive Highback Office Chair

\$433.00

Description

Steer the course and sail to an island called style. Jive is the result of chair makers who decided to design a chair that just works. Functionally, it is a pleasure to sit in as the durable ribbed vinyl back provides natural posture support. The seat cushion and arms are padded, while the form of the armrests was intended to maximize a 90-degree wrist angling for typing. Jive's chrome-plated aluminum base is fitted with five dual-wheel casters, while a tension knob and tilt lock allow for easy back position adjustments. This is a chair made for the modern office and a welcome embodiment of the spirit of progress and determination. Set Includes: One - Jive Ribbed High Back Executive Office Chair in Vinyl
