## Lippa 36" Wood Coffee Table

\$751.00

## Description

Reflecting a seamless organic shape and timeless form, the Lippa Table has become a symbol of modernism for over the past 60 years. Before its release, homes were filled with clunky remnants of an industrial age long gone by. But in order to advance into the new world, homes first had to transition from the traditional square table, into a piece that connoted progress. The base and dimensions are true to the original specifications, while the table's circular MDF top has an easy-to-clean wood grain veneer and the metal tapered base features a black powder-coated finish. Set Includes: One - Lippa 36" Coffee Table
