Darius Coffee Table

\$188.00

Description

Fluid form is a true staple of mid-century modern design. Combine fluidity with everyday functionality creating the Darius Coffee Table. Its unique top resembles a curvy kidney bean with soft lines and edges. Its tapered and splayed legs provide extra support with a less rigid approach to furniture design. These features make it exceptionally safe for both children and pets to be around. Its remarkable design brings a whole new perspective to variations on contemporary style for an upgraded look in any setting.
