Susan Dining Chair

\$315.00

Description

This impressive design combines retro, modern and rustic contemporary into one sensible and stylish dining chair. The Susan Dining Chair with Natural Cane features a perforated mesh high backrest, similar to the retro diner chairs of the 1960s. The main difference is the material it's made from. It is built using real cane and its frame is built from strong metal. It has a sturdy 4-legged base with smooth edges from top to bottom. Its vintage-modern appearance is a wonderful way to add a touch of the past with elements of the present into your dining room.
