Paris Printed Dining Chair

\$127.00

Description

The Paris Printed Dining Chairs is a contemporary version of a mid-century modern classic featuring an iconic molded plastic seat and eiffel base. This eiffel base originated in the golden era of furniture design. Its molded plastic seat features a unique wood print rarely seen in this specific style. Its high backrest and contoured seat perfectly cradles the body for exceptional ergonomic comfort. Its 4-legged base is reinforced with metal criss-cross wires giving it its "eiffel" name similar to the legendary Eiffel Tower in Paris. Unlike actual wood, there is no need to worry about spills or messes, it is easy to wipe clean and keep looking brand new. This contemporary chair will transform your living space.
