## Connor Dining Table

\$499.00

### Description

The Connor Dining Table is not your average oval top table. The distinct difference is its 4-legged splayed legs in an appealing mid-century modern style. Splayed legs create a sleeker and more airy appearance. The oval top provides spacious dining with plenty of legroom underneath it. It is made of wood making it versatile enough to fit in a variety of dining room settings. Some of these styles include modern, contemporary, mid-century, shaker, farmhouse, and country cottage.
